6. Strategic Recommendations

- 1. **Tier-1 markets:** Korea (Shih Tzu / Crested volume), Philippines (Chow margin + Shih Tzu volume), UAE (Chow / Shar-Pei premium).
- 2. **Product mix:** Chow = status premium · Shih Tzu = apartment volume · Crested = cabin-friendly delivery · Chongqing = collector limited.
- 3. **Pricing:** Base puppy price + destination freight quote; Middle East at upper range; competitive Shih Tzu in SEA.
- 4. **Channel:** TikTok/Reels → udog.netlify.app → WhatsApp / Facebook close (no online card checkout).
- 5. **Compliance:** Chip + titer + health cert everywhere; disclose Japan 180-day wait; use IPATA shippers only — never crowd-courier platforms for live animals.
